Re: BioMD, LLC Letter of Recommendation: 8-Hour Defense Hand Sanitizer and
microSURE All Purpose Cleaner & Disinfectant

We at BioMD leverage our existing relationships with local governments, school districts, and other such facilities in order to fulfill their sanitation requirements during the current pandemic. To this aim, we have sold both of the flagship products offered by ServisMed, LLC.

I write this letter in strong support of both of the products, both the 8-Hour Defense Hand Sanitizer and the microSURE All Purpose Cleaner & Disinfectant. Our clients have been extremely satisfied with them and we have continued to bring more on board with these references, including but not limited to: Lallie Kemp Medical Center, Cleveland School District, Quitman County Clerk, and Jefferson Parish Parks & Recreation.

You can put me down as a reference to any future clients if they want to know more about how well the product works, or the phenomenal service your company has been able to provide. I can be reached at biomdllc@gmail.com or (985) 969-6464.

Thank you,

A handwritten signature in blue ink, appearing to read 'Kirk Lee', is written over the 'Thank you,' text.
